Road vehicles — Component test methods for electrical disturbances from narrowband radiated electromagnetic energy

Part 2: Absorber-lined shielded enclosure

National foreword

This British Standard is the UK implementation of ISO 11452-2:2019.

The UK participation in its preparation was entrusted to Technical Committee AUE/32, Electrical and electronic components and general system aspects (Road vehicles).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
