

BSI Standards Publication

**Building and civil engineering sealants —
Determination of changes in cohesion and
appearance of elastic weatherproofing sealants
after exposure of statically cured specimens to
artificial weathering and mechanical cycling**

National foreword

This British Standard is the UK implementation of [ISO 11617:2022](#). It supersedes [BS ISO 11617:2014](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its committee manager.
