Capability of detection

Part 6: Methodology for the determination of the critical value and the minimum detectable value in Poisson distributed measurements by normal approximations

National foreword

This British Standard is the UK implementation of [ISO 11843-6:2019](#). It supersedes [BS ISO 11843-6:2013](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee SS/6, Precision of test methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
