

# Instant whole milk powder — Determination of white flecks number

ICS 67.100.10

## National foreword

This British Standard is the UK implementation of ISO 11865:2009. It supersedes BS 1743-21:1996 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/5, Chemical analysis of milk and milk products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 November 2009
