

BSI Standards Publication

**Gas analysis — Comparison methods for the
determination of the composition of gas mixtures
based on one- and two-point calibration**

National foreword

This British Standard is the UK implementation of ISO 12963:2017+A1:2020. It supersedes BS ISO 12963:2017, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PTI/15, Natural Gas and Gas Analysis.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
