

# Determination of particle size distribution by centrifugal liquid sedimentation methods —

## Part 3: Centrifugal X-ray method

ICS 19.120

## National foreword

This British Standard is the UK implementation of ISO 13318-3:2004. Together with BS ISO 13318-1:2001 and BS ISO 13318-2:2001, it supersedes BS 3406-6:1985 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee LBI/37, Sieves, screens and particle sizing, to Subcommittee LBI/37/4, Sizing by methods other than sieving.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 9 August 2004
