

BS ISO 13933:2014

BSI Standards Publication

**Steel and iron —
Determination of calcium and
magnesium — Inductively
coupled plasma atomic
emission spectrometric method**

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 13933:2014.

The UK participation in its preparation was entrusted to Technical Committee ISE/102, Methods of Chemical Analysis for Iron and Steel.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
