# Calculation method of carbon dioxide emission intensity from iron and steel production

---

Part 4: Guidance for using the ISO 14404 series

## National foreword

This British Standard is the UK implementation of ISO 14404-4:2020.

The UK participation in its preparation was entrusted to Technical Committee ISE/1, Iron and steel standards co-ordinating committee.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
