

# Tobacco — Determination of nitrate content — Continuous-flow analysis method

ICS 65.160

## National foreword

This British Standard is the UK implementation of ISO 15517:2003+A1:2012. It supersedes BS ISO 15517:2003, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/40, Tobacco and tobacco products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 11 October 2004
