Plastics — Determination of average molecular weight and molecular weight distribution of polymers using size-exclusion chromatography

Part 3: Low-temperature method

National foreword

This British Standard is the UK implementation of [ISO 16014-3:2019](#). It supersedes [BS ISO 16014-3:2012](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/21, Testing of plastics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
