Space systems — Assessment of survivability of unmanned spacecraft against space debris and meteoroid impacts to ensure successful post-mission disposal

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 16126:2014.

The UK participation in its preparation was entrusted to Technical Committee ACE/68/-/1, Space systems and operations - Design, Engineering and Production.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
