Plastics — Thermoplastic polyurethanes for moulding and extrusion

Part 3: Distinction between ether and ester polyurethanes by determination of the ester group content

National foreword

This British Standard is the UK implementation of ISO 16365-3:2014.

The UK participation in its preparation was entrusted to Technical Committee PRI/82, Thermoplastic materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
