# Microbiology of the food chain — Horizontal method for the enumeration of beta-glucuronidase-positive *Escherichia coli*

---

Part 1: Colony-count technique at 44 ° C using membranes and 5-bromo-4-chloro-3-indolyl beta-D-glucuronide

## National foreword

This British Standard is the UK implementation of ISO 16649-1:2018. It supersedes BS ISO 16649-1:2001, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/9, Microbiology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
