Road vehicles — Environmental conditions and testing for electrical and electronic equipment

Part 1: General

National foreword

This British Standard is the UK implementation of [ISO 16750-1:2018](#). It supersedes [BS ISO 16750-1:2006](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AUE/32, Electrical and electronic components and general system aspects (Road vehicles).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
