BSI Standards Publication

Medical devices — Connectors for reservoir delivery systems for healthcare applications

Part 1: General requirements and common test methods

National foreword

This British Standard is the UK implementation of [ISO 18250-1:2018](#).

The UK participation in its preparation was entrusted to Technical Committee CH/210/5, Small Bore Connectors for Medical Devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
