# Manufacture of cell-based health care products — Control of microbial risks during processing

**bsi.**

...making excellence a habit.™

**National foreword**

This British Standard is the UK implementation of ISO 18362:2016.

The UK participation in its preparation was entrusted to Technical Committee CH/198, Sterilization and Associated Equipment and Processes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
