

BSI Standards Publication

Industrial automation systems and integration — Standardized procedures for production systems engineering

Part 2: Reference process for seamless production planning

National foreword

This British Standard is the UK implementation of [ISO 18828-2:2016](#).

The UK participation in its preparation was entrusted to Technical Committee AMT/4, Industrial data and manufacturing interfaces.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations
