Coke — Determination of coke reactivity index (CRI) and coke strength after reaction (CSR)

National foreword

This British Standard is the UK implementation of ISO 18894:2018. It supersedes BS ISO 18894:2006, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PTI/16, Solid mineral fuels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
