Road vehicles — Environmental conditions and testing for electrical and electronic equipment for drive system of electric propulsion vehicles

Part 4: Climatic loads

National foreword

This British Standard is the UK implementation of ISO 19453-4:2018.

The UK participation in its preparation was entrusted to Technical Committee AUE/16, Data Communication (Road Vehicles).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
