# Mechanical vibration — Measurement and evaluation of machine vibration

---

Part 8: Reciprocating compressor systems

## National foreword

This British Standard is the UK implementation of ISO 20816-8:2018. It supersedes BS ISO 10816-8:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GME/21, Mechanical vibration, shock and condition monitoring.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
