

BSI Standards Publication

Mechanical vibration — Measurement and evaluation of machine vibration

Part 9: Gear units

National foreword

This British Standard is the UK implementation of ISO 20816-9:2020.

The UK participation in its preparation was entrusted to Technical Committee GME/21/5, Vibration of machines, vehicles and structures.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
