

Petroleum and natural gas industries — External coatings for buried or submerged pipelines used in pipeline transportation systems

**Part 4: Polyethylene coatings (2-layer
PE)**

ICS 23.040.10; 25.220.60; 75.200

National foreword

This British Standard is the UK implementation of ISO 21809-4:2009.

The UK participation in its preparation was entrusted to Technical Committee PSE/17/2, Transmission pipelines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 January 2010
