**BSI Standards Publication**

**Carbonate liming materials —  
Determination of reactivity — Automatic  
titration method with citric acid**

---

## National foreword

This British Standard is the UK implementation of [ISO 22146:2018](#).

The UK participation in its preparation was entrusted to Technical Committee CII/37, Fertilisers and related chemicals.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
