

BSI Standards Publication

**Metallic and other inorganic coatings —
Measurement of the linear thermal expansion
coefficient of thermal barrier coatings**

National foreword

This British Standard is the UK implementation of [ISO 22680:2020](#).

The UK participation in its preparation was entrusted to Technical Committee STI/40, Thermal spraying and thermally sprayed coatings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
