# Water quality — Determination of total bound nitrogen (ST-TNb) in water using small-scale sealed tubes

---

Part 2: Chromotropic acid colour reaction

## National foreword

This British Standard is the UK implementation of [ISO 23697-2:2023](#).

The UK participation in its preparation was entrusted to Technical Committee EH/3/2, Physical chemical and biochemical methods.

A list of organizations represented on this committee can be obtained on request to its committee manager.
