

BSI Standards Publication

**Cigarettes — Determination of selected carbonyls
in the mainstream smoke of cigarettes with
an intense smoking regime — Method using
high performance liquid chromatography**

National foreword

This British Standard is the UK implementation of ISO 23922:2020.

The UK participation in its preparation was entrusted to Technical Committee AW/40, Tobacco and tobacco products.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
