

# Hot-setting phenolic and aminoplastic wood adhesives — Classification and test methods

ICS: 83.180

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted to PRI/52, Adhesives, upon which the following bodies were represented:

Consumer Policy Committee of BSI  
Contract Flooring Association  
European Resin Manufacturer's Association  
SATRA  
UK Steel Association  
University of Bristol  
National Physical Laboratory  
DETR — represented by BRE  
TRADA  
BASA  
TWI  
British Woodworking Federation  
The Tile Association

This British Standard, having been prepared under the direction of the Materials and Chemicals, was published under the authority of the Standards Policy and Strategy Committee on 15 November 2001
