

# **Guide to production control**

## **Part 3. Ordering methods**

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Quality, Management and Statistics Standards Policy Committee (QMS/-) to Technical Committee QMS/33, upon which the following bodies were represented:

British Computer Society  
British Production and Inventory Control Society  
Chartered Institute of Management Accountants  
EEA (the Association of Electronics, Telecommunications and Business  
Equipment Industries)  
Institute of Logistics and Distribution Management  
Ministry of Defence  
Nottingham University  
PERA International (Production Engineering Research Association)  
University of Bradford  
University of Manchester Institute of Science and Technology

This British Standard, having been prepared under the direction of the Quality, Management and Statistics Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 May 1993
