

Safety of earth-moving machinery —

Part 22: Operator enclosure environment —

Section 22.4 Operator enclosure ventilation, heating and/or air-conditioning test method

ICS 53.100

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/513, Construction equipment and plant and site safety, to Subcommittee B/513/1, Earth-moving machinery, upon which the following bodies were represented:

British Coal Corporation
 Construction Plant (Hire Association)
 Federation of Civil Engineering Contractors
 Federation of Manufacturers of Construction Equipment and Cranes
 Health and Safety Executive
 Institution of Civil Engineers
 Silsoe Research Institute

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 June 1996
