

# Safety of earth-moving machinery —

## Part 22: Operator enclosure environment —

### Section 22.6 Determination of the effect of solar heating on the operator enclosure

ICS 53.100

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/513, Construction equipment and plant and site safety, to Subcommittee B/513/1, Earth-moving machinery, upon which the following bodies were represented:

British Coal Corporation  
Construction Plant (Hire Association)  
Federation of Civil Engineering Contractors  
Federation of Manufacturers of Construction Equipment and Cranes  
Health and Safety Executive  
Institution of Civil Engineers  
Silsoe Research Institute

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 June 1996
