

Chemical tests for raw and vulcanized rubber —

**Part 15: Method for thermogravimetric
determination of the composition of
vulcanizates and uncured
compounds —**

**Section 15.1 Butadiene,
ethylene-propylene copolymer and
terpolymer, isobutene-isoprene,
isoprene and styrene-butadiene
rubbers**

UDC 678.[4 + 7].01:543.226

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Plastics and Rubber Standards Policy Committee (PRM/-) to Technical Committee PRM/23, upon which the following bodies were represented:

Institute of Water and Environmental Management

Laboratory of the Government Chemist

Ministry of Defence

Royal Society of Chemistry

Rubber and Plastics Research Association

This British Standard, having been prepared under the direction of the Plastics and Rubber Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 March 1994
