

# Direct tension indicators —

## Part 1: Specification for compressible washers

# Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/9, upon which the following bodies were represented:

BEAMA Ltd.  
 British Constructional Steelwork Association Ltd.  
 British Industrial Fasteners Federation  
 British Railways Board  
 British Steel Industry  
 British Steel Industry (Wire Section)  
 Gauge and Tool Makers' Association  
 Society of Motor Manufacturers and Traders Ltd.  
 Washer Manufacturers' Association of Great Britain

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

Galvanizers' Association  
 Steel Construction Institute

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 April 1993
