INTERNATIONAL STANDARD

ISO/IEC 9041-2

Second edition 1997-06-15

Information technology — Open Systems Interconnection — Virtual Terminal Basic Class Protocol —

Part 2:

Protocol Implementation Conformance Statement (PICS) proforma

Technologies de l'information — Interconnexion de systèmes ouverts (OSI) — Protocole de classe de base de terminal virtuel —

Partie 2: Déclaration de conformité de mise en œuvre du protocole (PICS)

ISO/IEC 9041-2: 1997(E)

Contents		Page
1	Scope	1
2	Conformance	1
3	Normative references	1
4	Definitions	1
5	Abbreviations	1
Aı	nnexes	
A	PICS Proforma .	2
	A.1 Identification .	2
	A.2 VT service options	5
	A.3 VT environment parameters .	6
	A.4 Supported VT PDUs .	24
	A.5 VTPDU Parameters .	26
	A.6 Lower Level Negotiation Elements	46
В	Conditional expressions	62

Foreword

ISO (the International Organization for Standardization) and IEC (the International Electrotechnical Commission) form the specialized system for worldwide standardization. National bodies that are members of ISO and IEC participate in the development of International Standards through technical committees established by the respective organization to deal with particular fields of technical activity. ISO and IEC technical committees collaborate in fields of mutual interest. Other international organizations, governmental and non-governmental, in liaison with ISO and IEC, also take part in the work.

In the field of information technology, ISO and IEC have established a joint technical committee, ISO/IEC JTC1. Draft International Standards adopted by the joint technical committee are circulated to national bodies for voting. Publication as an International Standard requires approval by at least 75% of the national bodies casting a vote.

International Standard ISO/IEC 9041-2 was prepared by Joint Technical Committee ISO/IEC JTC1, *Information technology*, Subcommittee SC21, *Open systems interconnection*, data management and open distributed processing.

This second edition cancels and replaces the first edition (ISO/IEC 9041-2:1993), which has been technically revised.

ISO/IEC 9041 consists of the following parts, under the general title *Information technology - Open Systems Interconnection - Virtual Terminal Basic Class Protocol:*

- Part 1: Specification
- Part 2: Protocol Implementation Conformance Statement (PICS) proforma

Annexes A and B form an integral part of this part of ISO/IEC 9041.
