**Guidance on aspects of a risk-based approach to assuring sterility of terminally sterilized, single-use health care product that is unable to withstand processing to achieve maximally a sterility assurance level of  $10^{-6}$**

*Document d'orientation sur les aspects d'une approche, fondée sur l'appréciation du risque, permettant d'assurer la stérilité des produits de santé à usage unique, soumis à une stérilisation terminale y compris ceux ne pouvant pas supporter un traitement atteignant un niveau d'assurance de la stérilité maximal de  $10^{-6}$*
