

Straight ammonium nitrate fertilizers

Comparative study on the determination of porosity (oil retention)

This document has been prepared by the Technical Committee CTN 142 *Fertilizers, liming materials and means of growing* the Secretariat of which is held by ANFFE.

UNE-CR 14539

Straight ammonium nitrate fertilizers
Comparative study on the determination of porosity (oil retention)

Fertilizantes simples a base de nitrato amónico con alto contenido en nitrógeno. Estudio comparativo sobre la determinación de la porosidad (retención de gasóleo).

Engrais simples à base de nitrate d'ammonium. Etude Comparative de méthodes de détermination de la porosité (rétention fuel).

This document is the official English version of CR 14539:2002.

This document was published as UNE-CR 14539:2003, which is the definitive Spanish version.
