

Water quality

Evaluation in an aqueous medium of the "ultimate" aerobic biodegradability of organic compounds

Method by analysis of biochemical oxygen demand
(closed bottle test)

(ISO 10707:1994)

This standard has been prepared by the Technical Committee CTN 77 *Environment* the Secretariat of which is held by UNE.

UNE-EN ISO 10707

Water quality

Evaluation in an aqueous medium of the "ultimate" aerobic biodegradability of organic compounds

Method by analysis of biochemical oxygen demand (closed bottle test)
(ISO 10707:1994)

Calidad del agua. Evaluación en medio acuoso de la biodegradabilidad aerobia "final" de compuestos orgánicos. Método por análisis de la demanda bioquímica de oxígeno (ensayo en recipientes cerrados) (ISO 10707:1994).

Qualité de l'eau. Evaluation en milieu aqueux de la biodégradabilité aérobie "ultime" des composés organiques. Méthode par analyse de la demande biochimique en oxygène (essai en fiole fermée) (ISO 10707:1994).

This standard is the official English version of EN ISO 10707:1997, which adopts ISO 10707:1994.

This standard was published as UNE-EN ISO 10707:1998, which is the definitive Spanish version.

English version

**Water quality - Evaluation in an aqueous medium of the
“ultimate” aerobic biodegradability of organic compounds -
Method by analysis of biochemical oxygen demand (closed
bottle test) (ISO 10707:1994)**

Qualité de l'eau - Evaluation en milieu aqueux de la
biodégradabilité aérobie "ultime" des composés organiques
- Méthode par analyse de la demande biochimique en
oxygène (essai en fiole fermée) (ISO 10707:1994)

Wasserbeschaffenheit - Bestimmung der vollständigen
aeroben biologischen Abbaubarkeit organischer Stoffe in
einem wäßrigen Medium - Verfahren mittels Bestimmung
des biochemischen Sauerstoffbedarfs (Geschlossener
Flaschentest) (ISO 10707:1994)

This European Standard was approved by CEN on 30 October 1997.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
