

Water quality

Determination of selected phenoxyalkanoic herbicides, including bentazones and hydroxybenzonitriles by gas chromatography and mass spectrometry after solid phase extraction and derivatization
(ISO 15913:2000)

This standard has been prepared by the Technical Committee CTN 77 *Environment* the Secretariat of which is held by UNE.

UNE-EN ISO 15913

Water quality

Determination of selected phenoxyalkanoic herbicides, including bentazones and hydroxybenzonitriles by gas chromatography and mass spectrometry after solid phase extraction and derivatization
(ISO 15913:2000)

Calidad del agua. Determinación de ciertos herbicidas fenoxialcanoicos, incluida la bentazona y los hidroxibenzonitrilos, por cromatografía de gases y espectrometría de masas previa extracción en fase sólida y derivatización (ISO 15913:2000).

Qualité de l'eau. Dosage de certains herbicides phénoxyalcanoïques, y compris bentazones et hydroxybenzonitriles, par chromatographie en phase gazeuse et spectrométrie de masse après extraction en phase solide et dérivation. (ISO 15913:2000).

This standard is the official English version of EN ISO 15913:2003, which adopts ISO 15913:2000.

This standard was published as UNE-EN ISO 15913:2003, which is the definitive Spanish version.

EUROPÄISCHE NORM

EN ISO 15913

March 2003

ICS 13.060.50

English version

Water quality - Determination of selected phenoxyalkanoic herbicides, including bentazones and hydroxybenzonitriles by gas chromatography and mass spectrometry after solid phase extraction and derivatization (ISO 15913:2000)

Qualité de l'eau - Dosage de certains herbicides phénoxyalcanoïques, y compris bentazones et hydroxybenzonitriles, par chromatographie en phase gazeuse et spectrométrie de masse après extraction en phase solide et dérivation (ISO 15913:2000)

Wasserbeschaffenheit - Bestimmung ausgewählten Phenoxyalkancarbonsäure-Herbiziden, einschließlich Bentazon und Hydroxybenzonitrilen mittels Gaschromatographie und massenspektrometrischer Detektion nach Fest-Flüssig-Extraktion und Derivatisierung (ISO 15913:2000)

This European Standard was approved by CEN on 9 January 2003.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovak Republic, Spain, Sweden, Switzerland and United Kingdom.
