

AEROSPACE MATERIAL SPECIFICATION AMENDMENT

AMS-STD-595™ A_A2

Issued 2021-08

Colors Used in Government Procurement

RATIONALE

The purpose of this amendment is to make corrections to AMS-STD-595A and to add new colors to the defined color index system. Specifically, paragraph e. was changed to paragraph d. to correct paragraph notation, a misspelling of one of the RCAF references was corrected, and all references for "Marine Corp" were changed to "Marine Corps." Also, several new colors are being added at the request of specific using authorities per the new paragraph e. These colors and their associated CIE L*a*b* digital coordinate data will be added to the Master Color List in Appendix A at the next full revision of AMS-STD-595.

1. Present Requirement: 5. NOTES, Paragraph e., Page 6

As specified

Change Requirement: 5. NOTES, Paragraph d., Page 6

- d. New colors added to AMS-STD-595A at the request of the Royal Canadian Air Force (RCAF) and the U.S. Army/Marine Corps: RCAF and the U.S. Army/Marine Corps provided color samples to SAE. Color Proofs were developed and measured to obtain the CIE L*a*b* digital coordinate data. The colors listed in Table 4 (RCAF) and Table 5 (U.S. Army and Marine Corps) have been added to the Master Color List in Appendix A.

Table 4 - New RCAF colors

RCAF Color ID	Color	Chip Number
Snowbird Red I-4147	Red	11330
Snowbird Blue I-6256	Blue	15051
Snowbird White I-1310	White	17930
Blue 25044	Blue	25044

SAE Executive Standards Committee Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be revised, reaffirmed, stabilized, or cancelled. SAE invites your written comments and suggestions.
