

AEROSPACE STANDARD	AS4941	REV. B
	Issued	1998-05
	Revised	2015-03
Superseding AS4941A		
(R) Aerospace - General Requirements for Commercial Aircraft Hydraulic Components		

RATIONALE

The changes to AS4941 at Revision B include:

- a. Additional technical requirements including removing all references to JAR airworthiness regulations
- b. Editorial changes including re-organizing some of the sections and updating the references
