MAM 2303E

Issued JAN 1987
Revised OCT 2001
Noncurrent MAR 2003
Cancelled JUL 2007

Superseded by AMS 2303

Steel Cleanliness, Aircraft Quality
Martensitic Corrosion-Resistant Steels
Magnetic Particle Inspection Procedure
Metric (SI) Measurement

RATIONALE

MAM 2303D has been designated cancelled and superseded since equivalent technical requirements are provided by AMS 2303.

CANCELLATION NOTICE

This specification has been declared "CANCELLED" by the Aerospace Materials Division, SAE, as of July, 2007, and has been superseded by AMS 2303. The requirements of the latest issue of AMS 2303 shall be fulfilled whenever reference is made to the cancelled MAM 2303D. By this action, this document will remain listed in the Numerical Section of the Index of Aerospace Material Specifications, noting that it has been superseded by AMS 2303.

Cancelled specifications are available from SAE.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.

Steel Cleanliness, Aircraft Quality
Martensitic Corrosion-Resistant Steels
Magnetic Particle Inspection Procedure
Metric (SI) Measurement

NONCURRENCY NOTICE

This specification has been declared "NONCURRENT" by the Aerospace Materials Division, SAE, as of March, 2003. It is recommended, therefore, that this specification not be specified for new designs.

AMS 2303 covers the same requirements.

"NONCURRENT" refers to those materials which have been widely used and which may be required on some existing designs in the future. The Aerospace Materials Division, however, does not recommend these as standard materials for future use in new designs.

"NONCURRENT" specifications are available from SAE.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.
