IEC 60384-20-1

(Second edition – 2008)

Fixed capacitors for use in electronic equipment -

Part 20-1: Blank detail specification – Fixed metallized polyphenylene sulfide film dielectric surface mount d.c. capacitors – Assessment level EZ

CORRIGENDUM 1

Replace, on the cover page, the title page, and on pages 4 and 6 the term polyethylene by polyphenylene. The amended title reads as follows:

Fixed capacitors for use in electronic equipment -

Part 20-1: Blank detail specification – Fixed metallized polyphenylene sulfide film dielectric surface mount d.c. capacitors – Assessment level EZ
