

# LPG equipment and accessories — Transportable refillable welded and brazed steel Liquefied Petroleum Gas (LPG) cylinders — Procedure for checking before, during and after filling

The European Standard EN 1439:2005 has the status of a  
British Standard

ICS 23.020.30

## National foreword

This British Standard is the official English language version of EN 1439:2005. It supersedes BS EN 1439:1997 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/19, LPG containers and their associated fittings, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
