

Water quality — Determination of trace elements using atomic absorption spectrometry with graphite furnace

The European Standard EN ISO 15586:2003 has the status of a
British Standard

ICS 13.060.50

National foreword

This British Standard is the official English language version of EN ISO 15586:2003. It is identical with ISO 15586:2003.

The UK participation in its preparation was entrusted by Technical Committee EH/3, Water quality, to Subcommittee EH/3/2, Physical, chemical and biochemical methods, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled "International Standards Correspondence Index", or by using the "Search" facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, the EN ISO foreword page, the ISO title page, pages ii to iv, pages 1 to 23, the Annex ZA page, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

Amendments issued since publication

Amd. No.	Date	Comments
14923 Corrigendum No. 1	23 December 2003	Correction to EN ISO foreword and incorporation of Annex ZA page

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 October 2003

English version

Water quality - Determination of trace elements using atomic
absorption spectrometry with graphite furnace (ISO 15586:2003)

Qualité de l'eau - Dosage des oligo-éléments par
spectrométrie d'absorption atomique en four graphite (ISO
15586:2003)

Wasserbeschaffenheit - Bestimmung von
Spurenelementen mittels Atomabsorptionsspektrometrie
mit dem Graphitrohr-Verfahren (ISO 15586:2003)

This European Standard was approved by CEN on 1 September 2003.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.
