## National foreword

This British Standard is the English language version of EN ISO 7346-1 : 1997. It is identical with ISO 7346-1 : 1996. It supersedes BS 6068 : Section 5.2 : 1985 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee EH/3, Water quality, to Subcommittee EH/3/5, Biological methods, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

BS EN ISO 7346-1 is one of a series of standards on water quality, others of which have been, or will be, published as Sections of BS 6068. This standard has therefore been given the secondary identifier BS 6068 : Section 5.2. The various Sections of BS 6068 are comprised within Parts 1 to 7, which, together with Part 0, are listed below.

Part 0 *Introduction*

Part 1 *Glossary*

Part 2 *Physical, chemical and biochemical methods*

Part 3 *Radiological methods*

Part 4 *Microbiological methods*

Part 5 *Biological methods*

Part 6 *Sampling*

Part 7 *Precision and accuracy*

### Cross-references

Attention is drawn to the fact that CEN and CENELEC Standards normally include an annex which lists normative references to international publications with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or by using the 'Find' facility of the BSI Standards Electronic Catalogue.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, the EN ISO foreword page, the ISO title page, pages ii and iii, a blank page, pages 1 to 11, a blank page, an inside back cover and a back cover.

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 January 1998

English version

Water quality - Determination of the acute lethal toxicity of substances to a freshwater fish [*Brachydanio rerio* Hamilton-Buchanan (Teleostei, Cyprinidae)] - Part 1: Static method (ISO 7346-1:1996)

Qualité de l'eau - Détermination de la toxicité aiguë létale de substances vis-à-vis d'un poisson d'eau douce [*Brachydanio rerio* Hamilton-Buchanan (Téléostei, Cyprinidae)] - Partie 1: Méthode statique (ISO 7346-1:1996)

Wasserbeschaffenheit - Bestimmung der akuten letalen Toxizität von Substanzen gegenüber einem Süßwasserfisch [*Brachydanio rerio* Hamilton-Buchanan (Teleostei, Cyprinidae)] - Teil 1: Statisches Verfahren (ISO 7346-1:1996)

This European Standard was approved by CEN on 30 October 1997.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
