

AS 1259.1—1990

Australian Standard[®]

Sound level meters

Part 1: Non-integrating

This Australian Standard was prepared by Committee AV/2, Acoustics, Instrumentation and Measurement Technique. It was approved on behalf of the Council of Standards Australia on 24 January 1990 and published on 7 May 1990.

The following interests are represented on Committee AV/2:

Association of Consulting Engineers Australia
Australian Acoustical Society
Australian and New Zealand Environment Council
Civil Aviation Authority
Confederation of Australian Industry
CSIRO, Division of Building, Construction and Engineering
CSIRO, National Measurement Laboratory
Department of Occupational Health Safety and Welfare, W.A.
Department of Industrial Relations and Employment, N.S.W.
National Acoustic Laboratories
National Association of Testing Authorities
National Occupational Health and Safety Commission
University of Queensland

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
