## National foreword

This British Standard is the English language version of EN 2334 : 1997.

The UK participation in its preparation was entrusted to Technical Committee ACE/44, Protective treatments and aircraft finishes, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

### Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or by using the 'Find' facility of the BSI Standards Electronic Catalogue.

NOTE. Under the AECMA part numbering system, normative references to the Parts of AECMA-originated European Standards may appear in clause 2 in the form of a three-digit number e.g -001 where the BSI and CEN systems would use the form -1. It can be assumed that, wherever referenced, the three-digit and single digit forms can be used interchangeably. For the purposes of part-marking of components produced in accordance with this standard, the three-digit form should be used.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 November 1997

### Amendments issued since publication

Amd. No.	Date	Text affected

EUROPEAN STANDARD

EN 2334

NORME EUROPÉENNE

EUROPÄISCHE NORM

July 1997

ICS 49.040.40

Descriptors: aircraft industry, aluminium, aluminium alloys, cleaning

English version

**Aerospace series - Chromic-sulphuric acid pickle  
of aluminium and aluminium alloys**

Série aéronautique - Décapage sulfochromique de l'aluminium et des alliages d'aluminium

Luft- und Raumfahrt - Beizen von Aluminium und Aluminiumlegierungen in Chromschwefelsäure

This European Standard was approved by CEN on 1996-08-04. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
