

Corrosion of metals and alloys — Determination of dezincification resistance of brass

The European Standard EN ISO 6509 : 1995 has the status of a
British Standard

NO COPYING IN ANY FORM WITHOUT WRITTEN PERMISSION FROM BSI

STANDARDS

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Engineering Sector Board to Technical Committee ISE/NFE/8, Corrosion of metals and alloys, upon which the following bodies were represented:

AEA Technology
Aluminium Federation
British Gas plc
British Non-ferrous Metals Federation
British Steel Industry
Department of Trade and Industry (National Physical Laboratory)
Department of Transport (Transport Research Laboratory)
Electricity Association
Institute of Corrosion
Ministry of Defence
Society of Chemical Industry
Welding Institute
Zinc Development Association

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on
15 July 1995
