National foreword

This British Standard has been prepared by Technical Committee STI/1. It is identical with ISO 787-19 : 1974 *General methods of test for pigments — Part 19: Determination of water-soluble nitrates (salicylic acid method)* published by the International Organization for Standardization (ISO).

In 1995 the European Committee for Standardization (CEN) accepted ISO 787-19 : 1974 as European Standard EN ISO 787-19 : 1995. As a consequence of implementing the European Standard this British Standard is dual-numbered as BS EN ISO 787-19 : 1995, BS 3483 : Part C9 : 1995.
