

RATIFIED EUROPEAN TEXT

EN1170-4:1997

European Standards only exist formally as national transpositions (i.e. a BS EN for the UK) of a commonly agreed "ratified" text.

This document is a ratified text which will shortly be published as a BS EN. It is being made available in advance of its formal publication to give interested parties early access to the technical information which the BS EN will contain.

When the BS EN is formally published it will be supplied to you automatically, without any additional charge.

Purchasers of this ratified text should be aware of the following limitations when using the document.

- The BS EN may contain additional information in the national foreword or national annex,
- Full rights conferred by compliance with the standard may only be granted by reference to the formal national transposition of the text as a BS EN.

This ratified text was approved by CEN/CENELEC in its three official languages on the date given below. Under CEN/CENELEC rules, BSI is obliged to publish its national transposition within six months of this date.

This European Standard was approved by CEN on 29 September 1997.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
