

**Wood preservatives —  
Test method for  
determining the  
protective effectiveness  
against wood  
destroying  
basidiomycetes —  
Determination of the  
toxic values**

The European Standard EN 113:1996, with the incorporation of amendment A1:2004, has the status of a British Standard

ICS 71.100.50

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee B/515, Wood preservation, upon which the following bodies were represented:

British Telecommunications plc  
 British Wood Preserving and Damp-proofing Association  
 Chemical Industries' Association  
 Creosote Council  
 Department of the Environment (Building Research Establishment)  
 Timber Research and Development Association  
 Timber Trade Federation  
 Wood Panel Industries Federation

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

Association of Consulting Scientists  
 Council of the Forest Industries of British Columbia  
 Imperial College of Science and Technology  
 Institute of Wood Science

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 June 1997
